Location	This position’s main area of work is Hutt Hospital/Wellington Hospital/Kenepuru Hospital/Community From time to time as part of Variance Response you may be requested to work in other areas.

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/ Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

C,C&HV are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care

- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups.

Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services Rheumatology Dental Services Regional Public Health and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Te Wao Nui, the Child Health Service for the Wellington Region and Central New Zealand based in the new purpose built children's hospital on the Wellington Regional Hospital campus, supports babies to adolescents with medical conditions or who may need paediatric surgery. It provides both hospital and outpatient services.

Women's Health Services provide tertiary level maternity care in Wellington and Hutt Regional Hospitals and a Primary Birthing Unit in Kenepuru. The provision of services from Women's Health encompass community-based primary LMC care and breastfeeding support, and tertiary level obstetrics, gynaecology, and other specialist services.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.

Mana motuhake	Enabling the right for Māori to be Māori (Māori self-determination) to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.
Mana tāngata	Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.
Mana Māori	Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

Te Mauri o Rongo

Te Mauri o Rongo recognises our connection to this work, to each other, to the people we serve and to our whakapapa. It speaks to specific behaviours that we will expect from each other guided by the pou of Te Mauri o Rongo:

Wairuatanga

Working with heart, the strong sense of purpose and commitment to service that health workers bring to their mahi.

Rangatiratanga

As organisations we support our people to lead. We know our people; we will grow those around us and be accountable with them in contributing to Pae Ora for all.

Whanaungatanga

We are a team, and together a team of teams. Regardless of our role, we work together for a common purpose. We look out for each other and keep each other safe. “Whiria te tangāta” – we will weave our people together.

Te Korowai Āhuru

A cloak which seeks to provide safety and comfort to the workforce.

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Te Whatu Ora is committed to Te Tiriti o Waitangi principles of partnership, participation, equity and protection by ensuring that guidelines for employment policies and procedures are implemented in a way that recognises Māori cultural practices.

We are committed to supporting the principles of Equal Employment Opportunities (EEO) through the provision and practice of equal access, consideration, and encouragement in the areas of employment, training, career development and promotion for all its employees.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

Hutt Valley

Vision

Whanau Ora ki te Awakairangi: Healthy people, healthy families and healthy communities are so interlinked that it is impossible to identify which one comes first and then leads to another.

Mission

Working together for health and wellbeing.

Ō mātou uara – Values

Mahi Pai 'Can do':

Mahi Tahi in Partnership:

Mahi Tahi Te Atawhai Tonu Always caring and
Mahi Rangatira being our Best

Capital and Coast

Vision

Keeping our community healthy and well

Mission

Together, Improve the Health and Independence of the People of the District

Value

Manaakitanga – Respect, caring, kindness

Kotahitanga – Connection, unity, equity

Rangatiratanga – Autonomy, integrity, excellence

Group Perspective

The Sub-Specialty Medicine Group consists of a range of services across Wellington, Hutt and Kenepuru Hospitals:

- Cardiology, includes Wellington Hospital Ward 6 South and Hutt Hospital CCU
- Clinical Measurements Unit
- Interventional Radiology Unit
- Gastroenterology
- **Respiratory Medicine**
- Diabetes and Endocrine
- Rheumatology
- Dermatology
- Infectious Diseases & Infection Prevention and Control
- Medical Day Stay Unit
- Renal
- Immunology
- Neurology

The services and specialties are split across three Sub-Specialty Operational Manager roles. The Respiratory Service is part of the Neurology, renal, infectious diseases and diabetes and endocrine Operation Managers team.

Service/Team Perspective

The Respiratory Service is part of the Sub-Speciality Medicine Group. The C,C&HV Respiratory Service provides secondary and tertiary care for patients with respiratory and sleep related conditions. This service covers two main sites at Hutt Hospital and Wellington Hospital with outreach clinics in Kenepuru Hospital, Wairarapa Hospital, and various community and marae clinics.

The C,C&HV Respiratory team is made up of nurses, physiologists, doctors, physiotherapist and administrative support all working in a multidisciplinary collaborative style, with a patient centred focus. The team work closely with other services including Hospice, Community Health, Primary Health and inpatient services. Secondary and Tertiary referrals may also be accepted from Manawatu, Wairarapa, Whanganui, Hawke's Bay and Nelson-Marlborough districts.

Role Purpose

The Clinical Nurse Specialist (CNS) Respiratory provides specialist nursing advice, care and expertise, both in delivering direct patient care and in supporting other staff caring for patients with Respiratory and sleep related conditions. The focus is on assisting, directing and supporting the patient care and whānau within Respiratory. The CNS role through modelling expert clinical skills, promoting best practice, facilitating interdisciplinary collaboration and providing education supports excellence in practice. The CNS has an active role in the development and achievement of the strategic direction for the Respiratory service.

The CNS leads developing and implementing speciality specific pathways, protocols and guidelines, in accordance with relevant national and international standards and guidance. This includes evaluating standards of care, in line with research, policy and evidenced-based practice across a range of settings.

Where relevant to the speciality practice area the CNS with service approval will work towards becoming a designated prescriber in primary health and speciality teams with Te Kaunihera Tapuhi o Aotearoa Nursing Council of New Zealand (NCNZ). The Respiratory Service and the patient population benefit from CNS prescribing. The agreed timeframe to become a RN Prescriber will be discussed with existing CNS or when newly appointed, will inform the letter of offer.

The CNS – Respiratory uses advanced nursing knowledge and skills to:

- Establish/maintain Nurse-led services/clinics in inpatient, outpatient, home and community setting/s – where applicable, to increase patient access to timely assessment and clinical management
- Strengthen a nurse-led case-management model for patients
- Initiating investigations (e.g. laboratory, radiology requests) linked to own clinics or surveillance (NOTE: only when preapproved with policy to support delegated responsibility that is approved by nursing leadership and Service)
- Identify differential diagnosis

- Discuss and initiate treatment plans under guidance with SMO/NP, in accordance with evidence based research, guidelines and collaborative team approach
- Evaluate outcomes of treatment, discuss with SMO/NP and respond accordingly
- Participates in the planning and delivery of education for district health professionals involved in caring for patients with Respiratory conditions. Note: Request to present to external organisations needs Service and nursing leadership approval

Key Accountabilities

The following accountabilities are in addition to the NCNZ competencies for registered nurses (RN). The CNS is expected to be Senior Expert (CC) and Expert (HV) on the Professional Development and Recognition Programme (PDRP). Competence is the combination of skills, knowledge, attitudes, values and abilities that underpin effective performance as an advanced practice nurse.

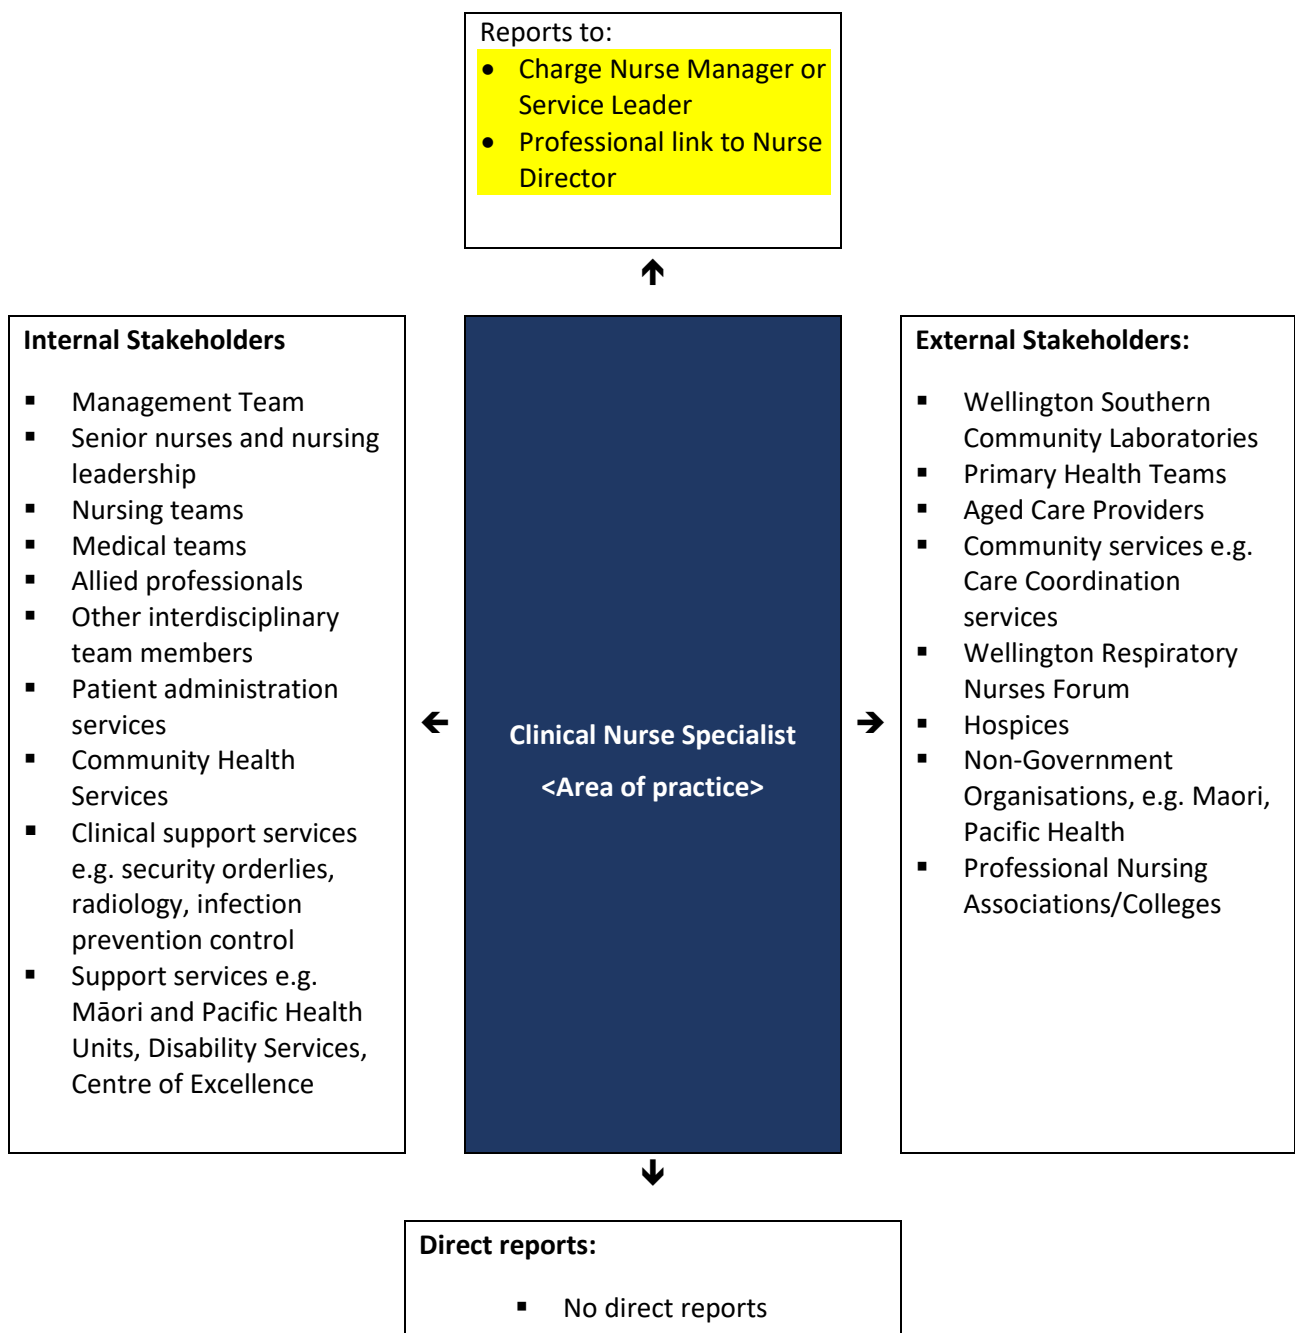

In this Position Description the terms person or patient are used to refer to those who use health services, who in different settings may be referred to as tangata whaiora, health consumer or client.
