Responsible to	Radiology & Women's Health Operations Manager
Children's Act 2014	This position is classified as a children's worker, requiring a safety check including police vetting before commencing and every three years
Location	Wellington, Kenepuru and Hutt Hospitals

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.

Mana motuhake Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.

Mana tāngata Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.

Mana Māori Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

Hutt Valley

Vision

Whanau Ora ki te Awakairangi: Healthy people, healthy families and healthy communities are so interlinked that it is impossible to identify which one comes first and then leads to another.

Mission

Working together for health and wellbeing.

Ō mātou uara – Values

Mahi Pai 'Can do': Mahi Tahi in Partnership: Mahi Tahi Te Atawhai Tonu Always caring and Mahi Rangatira being our Best

Capital and Coast

Vision

Keeping our community healthy and well

Mission

Together, Improve the Health and Independence of the People of the District

Value

Manaakitanga – Respect, caring, kindness
Kotahitanga – Connection, unity, equity
Rangatiratanga – Autonomy, integrity, excellence

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Team/Service Perspective

Radiology Services provide a wide range of diagnostic and interventional imaging for CCHV and adjacent regions, including Angiography, CT, Fluoroscopy, Mammography, MRI, Nuclear Medicine, Ultrasound and General Radiography. The service is multi-disciplinary, employing Radiologists, Nurses, Administration Support Staff, Medical Radiation Technologists (MRTs) and Sonographers. The Radiology department is a training institution for Radiology Registrars, MRTs and Sonographers.

The multidisciplinary team in Women's Health Service is dedicated to ensuring excellence in obstetric and gynaecological care. The service provides an integrated mix of inpatient/outpatient/day patient

and domiciliary services. Services are delivered in Wellington and Kenepuru hospitals, Kapiti Health Centre, out-reach clinics and domiciliary midwifery services.

The Women’s Health Service comprises of inpatient cots/beds resourced for 62 women and up to approximately 30 babies. In addition there are 15 delivery beds spread across three facilities. There are two inpatient wards at Wellington, one mixed gynaecology and postnatal, the other antenatal and postnatal, as well as postnatal beds at Kenepuru and Kapiti. Ambulatory services include a comprehensive diagnostic and interventional ultrasound service to support our tertiary Maternal Fetal Medicine service, Women’s Health Acute Assessment service and a wide range of outpatient obstetric and gynaecological services. There is a regional counselling and termination of pregnancy service.

Purpose of the role

The role is an integral member of the Radiology Services/Women’s Health Service team albeit under supervision. The team is dedicated to the provision of an efficient and high quality patient focused imaging services across Capital, Coast and Hutt Valley District.

Ultrasound services provided include abdominal, small parts, vascular, musculoskeletal, paediatric and gynaecology imaging for the Hospital Health Services. Fetal Medicine, Perinatal and gynaecological imaging is performed by Women’s Health Perinatal Ultrasound Unit.

Sonographer training is supported by both services with clinical tutelage and scanning supervision provided. Training expenses are funded by Health New Zealand Te Whatu Ora.

The Trainee Sonographer is part of the team that aims to provide efficient and high quality patient focussed imaging for CCHV district Radiology and Perinatal Ultrasound services.

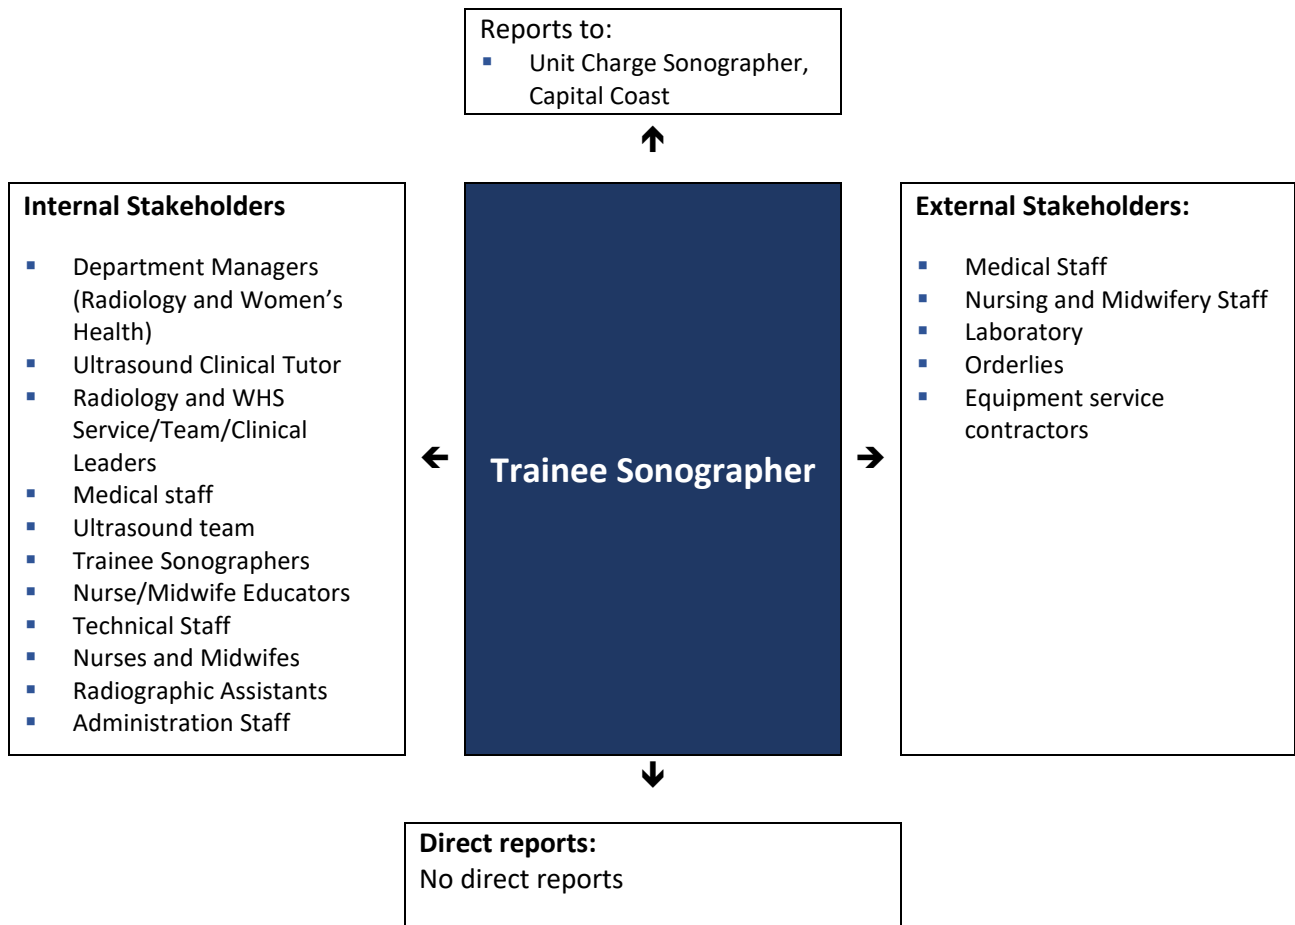

Key Accountabilities

The following role accountabilities may evolve with organisational change and there may be additional duties, relevant to this position that will be required to be performed from time to time.

Key accountabilities	Deliverables / Outcomes
1. Provide high quality diagnostic images and preliminary reports	<ul style="list-style-type: none"> ▪ Produce diagnostic imaging of acceptable quality ▪ Produce preliminary reports for Radiologists/Maternal Fetal Medicine Specialists ▪ Perform imaging in a timely fashion ▪ Assist clinicians to perform interventional procedures with ultrasound guidance ▪ Record required procedural information in the Radiology Information System/Viewpoint Database
2. Staff Communication	<ul style="list-style-type: none"> ▪ Must communicate with CCHV staff according to the Code of Conduct ▪ Liaison between CCHV staff and Radiology staff is maintained ▪ Liaison between Radiology Management and direct reports is maintained
