

Position Description

Position	Registered Nurse
Team / Service	Mental Health Needs Assessment Service Coordination (MHNASC)
Directorate	Mental Health, Addiction and Intellectual Disability Service (MHAIDS)
District	Capital, Coast, Hutt Valley and Wairarapa Districts
Responsible to	Team Leader
Children's Act 2014	This position is classified as a children's worker, requiring a safety check including police vetting before commencing and every three years
Location	This position is based in Porirua though the team works across multiple locations in the Capital, Coast and Hutt Valley district. From time to time as part of Variance Response you may be required to work in other areas.

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast and Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- Provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- Fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- Deliver health services directly as well as contracting external providers
- Provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kāpiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Kenepuru Community Hospital and Kāpiti Health Centre provide secondary and community services based in Porirua and the Kāpiti Coast

MHAIDS is the mental health, addiction and intellectual disability service for the Wairarapa district and Capital, Coast and Hutt Valley district, with multiple specialist facilities. Ratonga-Rua-o-Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.

Mana motuhake Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.

Mana tāngata Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.

Mana Māori Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

Hutt Valley

Vision

Whanau Ora ki te Awakairangi: Healthy people, healthy families and healthy communities are so interlinked that it is impossible to identify which one comes first and then leads to another.

Ō mātou uara – Values

Mahi Pai 'Can do': Mahi Tahi in Partnership: Mahi Tahi Te Atawhai Tonu Always caring and Mahi Rangatira being our Best

Mission

Working together for health and wellbeing.

Capital, Coast

Vision

Keeping our community healthy and well

Value

Manaakitanga – Respect, caring, kindness
Kotahitanga – Connection, unity, equity
Rangatiratanga – Autonomy, integrity, excellence

Mission

Together, Improve the Health and Independence of the People of the District

Wairarapa

Vision

“Well Wairarapa – Better health for all”

Value

Manaakitanga – Respect, caring, kindness
Auaha – Solutions, responsibility, better
Kotahitanga – Connection, unity, equity
Rangatiratanga – Autonomy, integrity, excellence

Mission

To improve, promote, and protect health status of the people of the Wairarapa, and the independent living of those with disabilities, by supporting and encouraging healthy choices.

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and Health New Zealand policy.

Te Whatu Ora is committed to Te Tiriti o Waitangi principles of partnership, participation, equity and protection by ensuring that guidelines for employment policies and procedures are implemented in a way that recognises Māori cultural practices.

We are committed to supporting the principles of Equal Employment Opportunities (EEO) through the provision and practice of equal access, consideration, and encouragement in the areas of employment, training, career development and promotion for all its employees.

Service Perspective

The hospital and health services of the districts provide a range of services, one such group of services includes MHAIDS. The service has over 1400 employees and annual revenue of \$135m.

MHAIDS spans two districts - Wairarapa, Capital, Coast and Hutt Valley and includes local, regional, and national services. The local MHAID services are provided from multiple sites within the sub-region – greater Wellington, Hutt Valley and Wairarapa. Te Korowai Whāriki services include regional forensic and rehabilitation services covering the Central region while the intellectual disability services extend the length and breadth of the country from six bases located in Whangarei, Auckland, Cambridge, Wellington, Christchurch, and Dunedin.

The core business of the service is the provision of quality specialist services, integrated with primary and secondary providers in the communities we serve.

The service is committed to the underlying principles of:

- Te Tiriti o Waitangi as the founding document of Aotearoa/New Zealand
- He Ara Oranga
- Mental Wellbeing Long Term Pathway
- Whakamaua – Māori Health Action Plan 2020-2025
- The New Zealand Disability Strategy: Making a World of Difference – Whakanui Oranga
- Intellectual Disability High and Complex Framework

The service has access to business support services including People and Culture, and Finance. In addition, management and delivery of clinical services across the service is underpinned by consultation, advice, and support from a range of cultural, consumer, and family advisors, and business, quality and organisational development personnel.

Team Perspective

MHNASC is a specialist mental health service, part of the MHAIDS Operations Centre and covers the Capital, Coast and Hutt Valley district.

The team are registered mental health professionals who provide comprehensive assessments of mental health and addictions support needs for people aged 18 and over, and refers them to services in the community. These services may include community based supports, home based support and housing and recovery residential accommodation.

Purpose of the role

The Registered Nurse (RN) role is to meet the needs of people and whānau accessing our services using contemporary nursing care which is safe, appropriate and effective. The care is based on comprehensive assessment, ensures continuity, and is person/whānau centred, culturally appropriate and evidence-based. Quality improvement and patient safety is an important part of this role.

The RN role within MHNASC is to:

- Provide comprehensive assessments and plan support, collaboratively with the person, their whānau, the clinical provider and Non-Government Organisation (NGO) services
- Assist the person and their whānau to achieve optimal health, well-being and safety through provision of appropriate assessment, education and support planning
- Participate in, and contribute to, professional development activities in nursing
- Role model and provide best practice and cultural considerations in the multidisciplinary team process
- Work closely with community agencies to achieve the outcomes agreed by the multidisciplinary team process
- Coordination and facilitation between the districts and multiple agencies
- Reports operationally to the team leader and is professionally accountable to the MHAIDS director of nursing

The RN will respond to the changing needs of the district, performing other tasks as required. The RN is expected to contribute to the implementation of district and nursing goals and values, and to promote Te Whatu Ora – Health New Zealand Capital, Coast and Hutt Valley as a centre of excellence for nursing practice.

Key Accountabilities

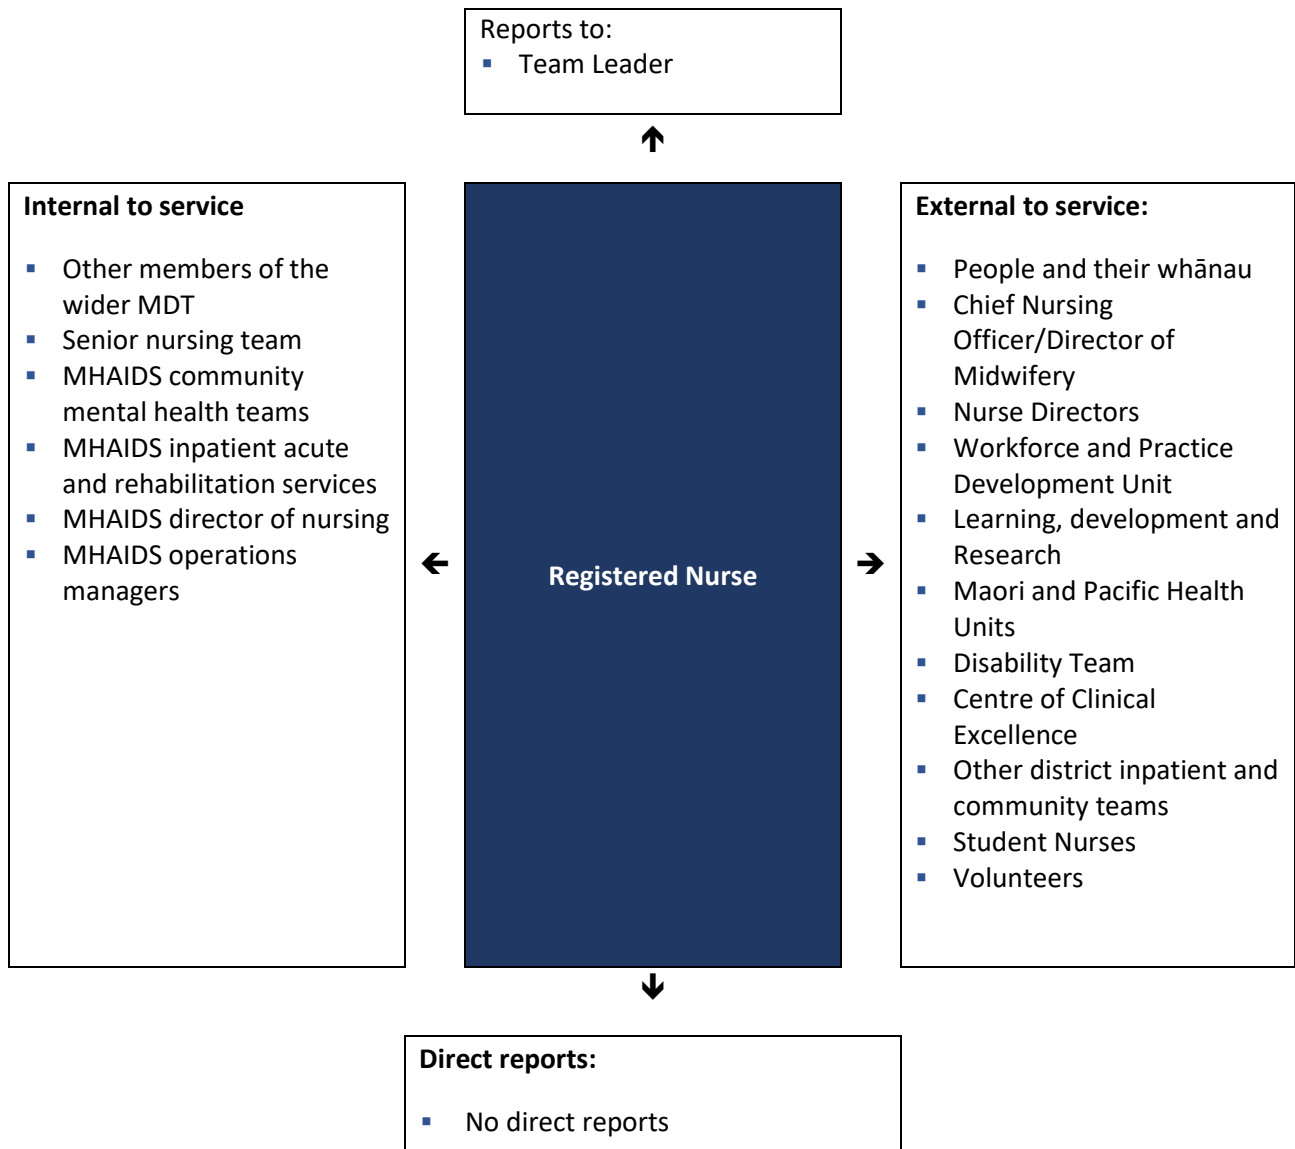

The following accountabilities derive from competencies outlined by Nursing Council of New Zealand. Competence is the combination of skills, knowledge, attitudes, values and abilities that underpin effective performance as a nurse.

In this role description, the terms person or patient are used to refer to those who use health services, who in different settings may be referred to as tangata whaiora, health consumer or client.
