National Context

The Government's vision is to build a healthcare system that achieves healthy futures / pae ora for all New Zealanders, where people live longer in good health and have improved quality of life, and where there is equity in outcomes for Māori and communities with inequities.

Health NZ is a Crown agency working in partnership to build a healthcare system that is equitable and that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. In doing so, the totality of the reforms are expected to achieve five system shifts. This includes:

1. The health system will reinforce te Tiriti o Waitangi principles and obligations.
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well.
3. When people need emergency or specialist healthcare this will be accessible and high quality for all.
4. Health and care workers will be supported, valued and well trained for the future health system
5. Digital services will mean that many more people will get the care they need in their homes and local communities.

District description

Capital, Coast and Hutt Valley cover the greater Wellington, Kapiti and Hutt Valley region, providing hospital and health services in primary, secondary and tertiary health care total population base of approximately 445,000 citizens.

The district vision is simple – we know that by working together as one team across the district we can create a better health system with better health outcomes for our communities and make better decisions.

Our health institutions are the heart of meeting and improving the health outcomes of all the constituent populations in our sub region, and the region more broadly. Together we:

- Provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- Work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- Deliver health services as well as contracting external providers
- Provide local, sub-regional, regional and national health services as well as community based health, rehabilitation and support services.

Capital, Coast is primarily responsible for the hospital and health services delivered via the Wellington Regional Hospital in Newtown, a secondary and community facility at Kenepuru in Porirua, a Forensic Rehabilitation and Intellectual Disability Hospital at Ratonga Rua-o-Porirua; and Kapiti Community Hospital, as well as a number of community based mental health and renal services within the sub-region.

Hutt provides secondary and tertiary, medical and surgical hospital services alongside community based health care from its main facility, Hutt Hospital in Lower Hutt City. It is also the centre for four tertiary regional and sub-regional services – Plastics, Maxillofacial and Burns Services, Rheumatology, School Dental Services, and Regional (Breast and Cervical) Screening Services.
