

## Position Description

<b>Position</b>	<b>Kaiwhakaako Tapuhi   Nurse Educator</b>
<b>Team / Service</b>	MHAIDS Learning and Development
<b>Directorate</b>	MHAIDS
<b>District</b>	Capital, Coast & Hutt Valley and Wairarapa Districts
<b>Responsible to</b>	Learning and Development Manager
<b>Children's Act 2014</b>	This position is classified as a children's worker, requiring a safety check including police vetting before commencing and every three years
<b>Location</b>	This position is based at Ratonga Rua o Porirua campus but will be expected to work from multiple locations across the district. From time to time as part of Variance Response this role may be required to work in other areas.

## Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

## Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Te Wao Nui, the Child Health Service for the Wellington Region and Central New Zealand based in the new purpose built children's hospital on the Wellington Regional Hospital campus, supports babies to adolescents with medical conditions or who may need paediatric surgery. It provides both hospital and outpatient services.

Women's Health Services provide tertiary level maternity care in Wellington and Hutt Regional Hospitals and a Primary Birthing Unit in Kenepuru. The provision of services from Women's Health encompass community-based primary LMC care and breastfeeding support, and tertiary level obstetrics, gynaecology, and other specialist services.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

## **Te Tiriti o Waitangi and Māori Health Outcomes**

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

<b>Mana whakahaere</b>	Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.
<b>Mana motuhake</b>	Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.
<b>Mana tāngata</b>	Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.
<b>Mana Māori</b>	Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

## **Te Mauri o Rongo**

---

Te Mauri o Rongo recognises our connection to this work, to each other, to the people we serve and to our whakapapa. It speaks to specific behaviours that we will expect from each other guided by the pou of Te Mauri o Rongo:

### **Wairuatanga**

Working with heart, the strong sense of purpose and commitment to service that health workers bring to their mahi.

### **Rangatiratanga**

As organisations we support our people to lead. We know our people; we will grow those around us and be accountable with them in contributing to Pae Ora for all.

### **Whanaungatanga**

We are a team, and together a team of teams. Regardless of our role, we work together for a common purpose. We look out for each other and keep each other safe. “Whiria te tangāta” – we will weave our people together.

### **Te Korowai Āhuru**

A cloak which seeks to provide safety and comfort to the workforce.

## **District Responsibility**

---

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Te Whatu Ora is committed to Te Tiriti o Waitangi principles of partnership, participation, equity and protection by ensuring that guidelines for employment policies and procedures are implemented in a way that recognises Māori cultural practices.

We are committed to supporting the principles of Equal Employment Opportunities (EEO) through the provision and practice of equal access, consideration, and encouragement in the areas of employment, training, career development and promotion for all its employees.

## Group Perspective

---

The hospital and health services of the Districts provide a range of services, one such group of services includes Mental Health, Addiction and Intellectual Disability (MHAID) Service. The Service has over 1400 employees and annual revenue of \$135m.

MHAIDS spans two districts - Wairarapa, Capital, Coast and Hutt Valley and includes local, regional, and national services. The local MHAID services are provided from multiple sites within the sub-region – greater Wellington, Hutt Valley and Wairarapa. Te Korowai Whāriki services include regional forensic and rehabilitation services covering the Central region while the intellectual disability services extend the length and breadth of the country from six bases located in Whangarei, Auckland, Cambridge, Wellington, Christchurch, and Dunedin.

The core business of the Service is the provision of quality specialist services, integrated with primary and secondary providers in the communities we serve.

The Service is committed to the underlying principles of:

- Te Tiriti o Waitangi as the founding document of Aotearoa/New Zealand
- He Ara Oranga
- Mental Wellbeing Long Term Pathway
- Whakamaua – Māori Health Action Plan 2020-2025
- The New Zealand Disability Strategy: Making a World of Difference – Whakanui Oranga
- Intellectual Disability High and Complex Framework

The Service has access to business support services including People and Culture, and Finance. In addition, management and delivery of clinical services across the Service is underpinned by consultation, advice, and support from a range of cultural, consumer, and family advisors, and business, quality and organisational development personnel.

## Service Perspective

---

The MHAIDS Learning and Development team is responsible for the organisation and delivery of programmes to support workforce learning, development, and capability. The team comprises specialist educators and administrators, based at Ngā Wāhi Akōnga Convention Centre on the Ratonga-Rua-o-Porirua campus.

## Purpose of the Role

---

The MHAIDS Nurse Educator (NE) is responsible for facilitating training and education that develops the nursing and wider MHAIDS workforce competence and capability both within MHAIDS and across the

District. This senior designated nursing role is critical for ensuring and maintaining essential nursing knowledge and standards of safe quality care.

Practice development and change implementation are important aspects of the educator role as clinical and health care delivery context changes rapidly. Educators lead the implementation of nursing education, change and practice development across the services, supporting C,C&HV strategic direction. This is achieved through developing, implementing and evaluating orientation, ongoing training, education programmes and resources. Training delivery occurs in both clinical and non-clinical settings.

The NE provides professional and clinical nursing leadership, working with staff to meet quality and safety standards of care. This includes contributing to development of policies and procedures. The clinical component of the role is to provide expertise and role modelling by working with staff to teach, coach and demonstrate practice excellence.

The NE works closely with nursing leadership and the Learning and Development team to support workforce development. The Nurse Educator will:

- Have sound clinical practice
- Be an expert in education delivery, informed by assessing the nursing team's educational needs and outcomes
- Provide education across MHAIDS and share speciality knowledge and skills across the organisation to optimise assessment, care and outcomes for patients
- Conduct training needs assessments informed by practice and organisational need
- Engage clinical staff in providing teaching sessions to encourage team responsibility for learning
- In collaboration develop, review and evaluate progress against MHAIDS workforce development plan
- Collaborate with other Nurse Educators and Clinical Nurse Specialists to develop shared education packages/resources and participate in education across the organisation as required

The NE will respond to the Districts changing needs, performing other tasks as required. The NE is expected to contribute to implementing District and nursing goals and values, while promoting Te Whatu Ora – Health New Zealand Capital, Coast and Hutt Valley as a centre of excellence for nursing practice.

The MHAIDS NE will design and provide education programmes to contribute to the on-going development of the competency and capability of the current and future nursing workforce as well as contribute to the design and delivery of MHAIDS programmes that support the development of other staff.

The majority of the work will take place during normal working hours, Monday to Friday, however it may be necessary to work outside these hours from time to time to ensure the educational requirements of staff undertaking shift work are met.

## **Key Accountabilities**

---

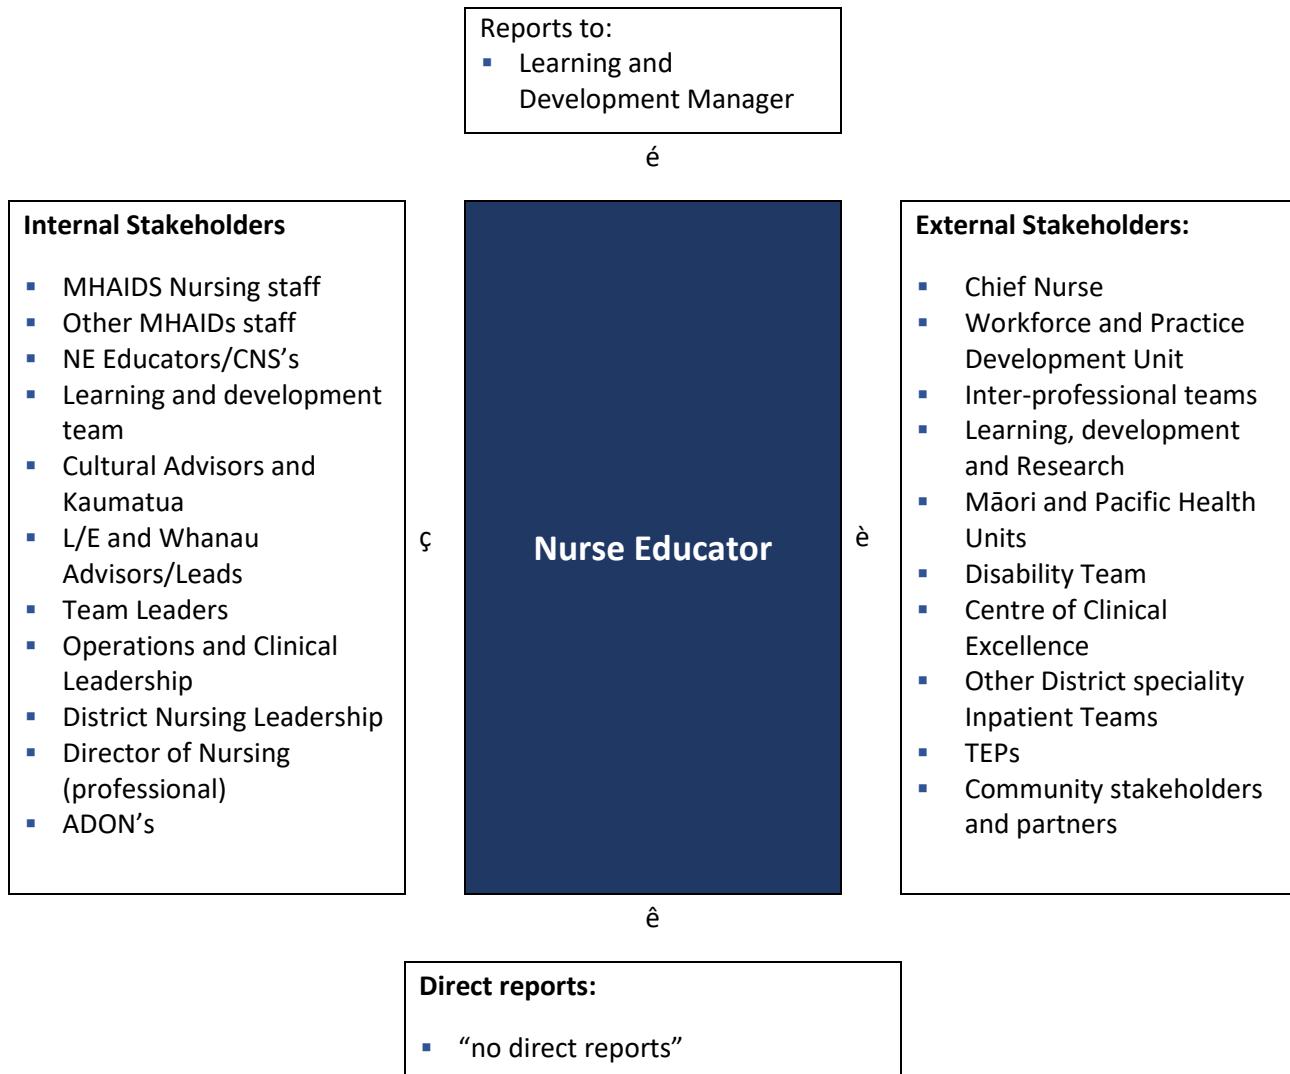

All Registered Nurses (RN) nurses employed by Capital, Coast & Hutt Valley District will have registration with the New Zealand Nursing Council (NCNZ), will fulfil all registered nursing competencies and maintain a current RN annual practising certificate. Nurses working in MHAIDS must meet Te Ao Māramatanga: College of Mental Health Nurses definition of a Mental Health Nurse. Application onto the Professional Development and Recognition Programme (PDRP) at senior pathway is required.

The following role accountabilities may evolve with organisational change and there may be additional duties, relevant to this position that will be required to be performed from time to time.

Key accountabilities	Deliverables / Outcomes
1. Leadership	<ul style="list-style-type: none"> <li>▪ Role models and applies the principles of Te Tiriti O Waitangi in nursing practice</li> <li>▪ Applies Te Whatu Ora policies and processes and contributes to a safety culture for patients, whānau and staff</li> <li>▪ Works across the service as part of the nursing leadership team and incorporates the organisational priorities into practice</li> <li>▪ Champions equity and diversity in the workplace</li> <li>▪ Takes accountability for developing and motivating the MHAIDS staff</li> <li>▪ Demonstrates organisational and professional advocacy</li> <li>▪ Uses evidence to lead practice development for the service</li> <li>▪ Challenges clinical issues and seek resolution</li> <li>▪ Ensures awareness of relevant standards/policies on provision of care delivery within the service, including Te Ao Māramatanga Standards of Practice for Mental Health Nurses.</li> <li>▪ Responds with constructive strategies to meet new challenges and actively supports change</li> <li>▪ Fosters reflective practice</li> <li>▪ Contributes to shared governance of nursing through engagement in relevant meetings, committees, and working parties</li> <li>▪ Leads and promotes evidence based clinical practice and innovative practice</li> </ul>
