Location	This position is expected to work from Kenepuru Hospital

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Te Wao Nui, the Child Health Service for the Wellington Region and Central New Zealand based in the new purpose built children's hospital on the Wellington Regional Hospital campus, supports babies to adolescents with medical conditions or who may need paediatric surgery. It provides both hospital and outpatient services.

Women's Health Services provide tertiary level maternity care in Wellington and Hutt Regional Hospitals and a Primary Birthing Unit in Kenepuru. The provision of services from Women's Health encompass community-based primary LMC care and breastfeeding support, and tertiary level obstetrics, gynaecology, and other specialist services.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast.

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere	Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.
Mana motuhake	Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.
Mana tāngata	Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.
Mana Māori	Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

Hutt Valley

Vision

Whanau Ora ki te Awakairangi: Healthy people, healthy families and healthy communities are so interlinked that it is impossible to identify which one comes first and then leads to another.

Mission

Working together for health and wellbeing.

Ō mātou uara – Values

Mahi Pai ‘Can do’: Mahi Tahi in Partnership: Mahi Tahi Te Atawhai Tonu Always caring and Mahi Rangatira being our Best

Capital and Coast

Vision

Keeping our community healthy and well

Mission

Together, Improve the Health and Independence of the People of the District

Value

Manakitanga – Respect, caring, kindness
Kotahitanga – Connection, unity, equity
Rangatiratanga – Autonomy, integrity, excellence

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Service Perspective

Wellington provides twenty four hour tertiary level acute surgery services whereas Kenepuru provides elective operating only. Wellington has 15 operating theatres (including the Delivery Suite Theatre). Kenepuru have a full peri-operative role with three operating theatres and an advanced procedure room. These theatres provide facilities for orthopaedic, gynaecology, ophthalmology, general, urology and ear, nose and throat surgery. The advanced procedure room accommodates dental surgery and endoscopy.

Role Perspective

To provide evidence-based nursing care, be an active member of the nursing team in directing and delegating care and role model professional, educational and preceptorship behaviours.

All nurses employed by Te Whatu Ora will have Registration with the New Zealand Nursing Council and maintain a current annual practising certificate as a Registered Nurse. Application onto the Professional Development and Recognition Programme (PDRP) at competent, proficient or expert level is required.

It is the nurse's responsibility to ensure that they attend the generic orientation, yearly core competencies and maintain area-specific competency requirements. They will access policy and procedures through Silent-One and work within the Nursing and Midwifery standards & criteria of care and professional practice.

The Registered Nurse (RN) working for Te Whatu Ora will have a desire to develop in an area of nursing; will have the ability to work using a team nursing approach, demonstrate values consistent with those of Te Whatu Ora and will be committed to the principles of the Treaty of Waitangi.

The PDRP is integral in assessing and monitoring the nursing skill levels.

The Team Nursing approach commits to provide person / family centred care, using current evidence to assist people to achieve their optimum health. It considers the nursing skill (PDRP) level and staff mix with Registered Nurses (RN), Enrolled Nurses (EN) / Nurse Assistants (NA) and Health Care Assistants (HCA) working together as part of the team. The benefits of a Team Nursing approach are:

- Improved communication and coordination of care;
- Enhanced teaching of clinical decision-making and skills;
- Increased patient satisfaction
- Improved patient care
- Increased work satisfaction and staff retention
- Decreased staff turnover

Supporting change implementation is an important aspect of this role. The environment is one of continuing change as we strive for quality practice and improved patient safety. The RN is a key part of the team's involvement in such change.

The RN working hours will be rostered and rotating and may work across the DHB as required due to patient safety and workforce necessities.

Within the Operating Theatre Services we aim to deliver quality care to patients of all ages, cultures, support them to reach their full potential in health so they can function independently in the community. This is achieved through a partnership of care, support and shared responsibility.

Purpose of the role

The Registered Nurse (RN) role is to meet the needs of people and whanau accessing our services using contemporary nursing care which is safe, appropriate and effective. The care is based on comprehensive assessment, ensures continuity, and is person/whānau centred, culturally appropriate and evidence-based. Quality improvement and patient safety is an important part of this role.

The Theatre nurse is a registered professional nurse who, through the use of selected and specialised knowledge and skills, supports the patient's right to optimum nursing care throughout the preoperative, intraoperative and postoperative phases, acknowledging the patient / family / whanau and their needs.

The Theatre nurse works with the multidisciplinary team and patient throughout their perioperative continuum ensuring a safe, caring and supportive environment and practices with the objective of providing seamless, cohesive and elaborative care. This care delivery is based on current evidence, best practice and validated research to meet the rapidly changing needs of surgical patients. The Perioperative nurse works in accordance with the vision, mission and values of Te Whatu Ora – Capital, Coast and Hutt Valley.

The RN will respond to the changing needs of the district, performing other tasks as required. The RN is expected to contribute to the implementation of District and nursing goals and values, and to promote Te Whatu Ora – Health New Zealand Capital, Coast and Hutt Valley as a centre of excellence for nursing practice.

Key Accountabilities

The following accountabilities derive from competencies outlined by Nursing Council of New Zealand. Competence is the combination of skills, knowledge, attitudes, values and abilities that underpin effective performance as a nurse.
