

Position Description

Position	Theatre Support Assistant (TSA)
Team / Service	Operating Theatre
Directorate	Patient Flow Group
District	Te Whatu Ora - Capital, Coast
Responsible to	Service Manager
Children's Act 2014	This position is not a children's worker but requires a safety check with Ministry of Justice vetting before commencing
Location	This position is expected to work from Wellington Hospital. From time to time as part of Variance Response you may be required to work in other areas.

Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

- The health system will reinforce Te Tiriti principles and obligations
- All people will be able to access a comprehensive range of support in their local communities to help them stay well
- Everyone will have equal access to high quality emergency and specialist care when they need it
- Digital services will provide more people the care they need in their homes and communities
- Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical and surgical hospital services alongside community based health care
- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers
- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addictions and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Whatu Ora is committed to Te Tiriti o Waitangi principles of partnership, participation, equity and protection by ensuring that guidelines for employment policies and procedures are implemented in a way that recognises Māori cultural practices.

We are committed to supporting the principles of Equal Employment Opportunities (EEO) through the provision and practice of equal access, consideration, and encouragement in the areas of employment, training, career development and promotion for all its employees.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.

Mana motuhake	Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.
Mana tāngata	Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.
Mana Māori	Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

Hutt Valley

Vision

Whanau Ora ki te Awakairangi: Healthy people, healthy families and healthy communities are so interlinked that it is impossible to identify which one comes first and then leads to another.

Mission

Working together for health and wellbeing.

Ō mātou uāra – Values

Mahi Pai 'Can do': Mahi Tahi in Partnership: Mahi Tahi Te Atawhai Tonu Always caring and Mahi Rangatira being our Best

Capital and Coast

Vision

Keeping our community healthy and well

Mission

Together, Improve the Health and Independence of the People of the District

Value

Manaakitanga – Respect, caring, kindness
 Kotahitanga – Connection, unity, equity
 Rangatiratanga – Autonomy, integrity, excellence

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Group Perspective

Theatre services are provided on two sites, Wellington and Kenepuru. Wellington provides twenty four hour acute surgery services where as Kenepuru provides elective procedures only.

Wellington Hospital has sixteen operating theatres which provides tertiary services to all the main specialties. These include orthopaedic, general surgery, vascular, paediatric, gynaecology, obstetric, ENT, ophthalmic, neurosurgery, urology, cardiothoracic, renal and obstetric.

Operating theatre services ensure that there is a multidisciplinary team approach to providing patient care.

Team/Service Perspective

To provide assistance to the health care team as required to ensure a high level of service delivery is maintained at all times.

Purpose of the role

The Theatre Support Assistant (TSA) contributes to the successful operation of the nursing / midwifery team by collaborating and working alongside the Inter-disciplinary team, Registered Nurse (RN) or Midwife (RM) to meet the service's needs. They will assist with cleaning and undertake housekeeping or clerical functions. The TSA may also be required to undertake a specific area of responsibility, as assigned by their manager.

As an unregulated healthcare worker, the TSA works under the direction and delegation of a Registered Nurse (RN) or Midwife (RM) and will only be delegated tasks that do not require specialised nursing/midwifery knowledge, judgement or skill. The TSA will remain responsible for their actions, while the RN or RM is accountable for the delegation decision, assessment and evaluation of outcomes. The HCA will receive training to complete specific tasks within defined boundaries according to the service areas requirements.

The TSAs provides a quick cleaning service between surgeries and procedures throughout 16 operating theatres. This includes restocking and setting up theatres, preparing surgical instrumentation and equipment and in-between cleaning during surgeries and completing a final clean

Quality practice and improved patient safety is an important part of this role.

The TSA is expected to contribute to the implementation of District and nursing goals and values and to promote Te Whatu Ora – Health New Zealand Capital, Coast and Hutt Valley as a centre of excellence for nursing practice.

Key Accountabilities

TSAs are legally accountable for their actions and accountable to their employer. They must have the appropriate skills and knowledge to undertake activities, and be working within policy and direction and delegation of a Registered Nurse or Midwife. They must be careful not to lead health consumers to believe they are a nurse when undertaking aspects of nursing care (Nursing Council of New Zealand 2011).

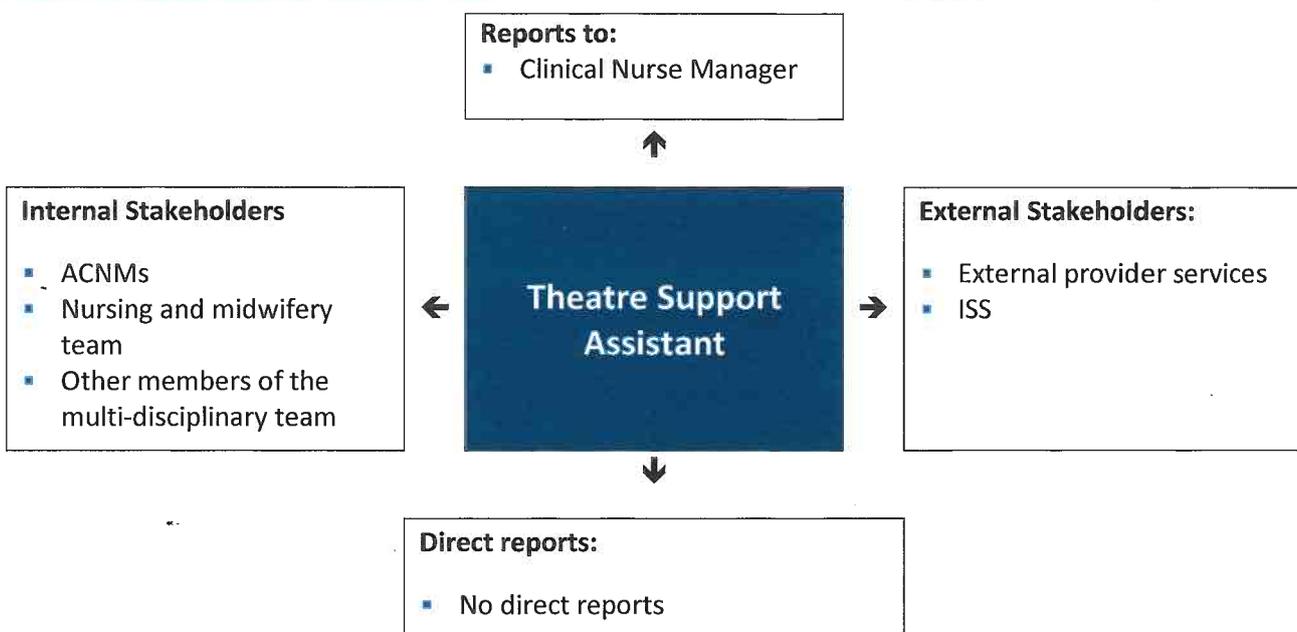

In this Role Description the terms person or patient are used to refer to those who use health services which in different settings may be referred to as tangata whaiora, health consumer or client.
