Te Whatu Ora

The Health System in Aotearoa is entering a period of transformation as we implement the Pae Ora/Healthy Futures vision of a reformed system where people live longer in good health, have improved quality of life, and there is equity between all groups.

We want to build a healthcare system that works collectively and cohesively around a shared set of values and a culture that enables everyone to bring their best to work and feel proud when they go home to their whānau, friends and community. The reforms are expected to achieve five system shifts. These are:

1. The health system will reinforce Te Tiriti principles and obligations
2. All people will be able to access a comprehensive range of support in their local communities to help them stay well
3. Everyone will have equal access to high quality emergency and specialist care when they need it
4. Digital services will provide more people the care they need in their homes and communities
5. Health and care workers will be valued and well-trained for the future health system

Context

Capital, Coast & Hutt Valley district provides hospital and health services in primary, secondary and tertiary healthcare to a total population base of approximately 445,000 citizens.

We are accountable for meeting the needs of and improving health outcomes for all the constituent populations of our district, and the region more broadly. Together we:

- provide secondary and tertiary, medical, surgery and mental health and intellectual disability hospital services alongside community based health care
- fund local health providers and work collaboratively with the community to create and support multiple health education initiatives and projects within the region
- deliver health services directly as well as contracting external providers

HEAD OFFICE - MHAIDS | Level 11, BNZ Tower, 14 Hartham Place,
PO Box 50 233, Porirua 5240 | 04 381 1656

*MHAIDS is the mental health, addiction and intellectual disability service
for the Capital, Coast, Hutt Valley and Wairarapa districts*

- provide local, sub-regional, regional and national health services as well as community-based health, rehabilitation and support services.

The majority of the district's population live in Wellington and Lower Hutt. The Māori and Pacific populations of Lower Hutt and Wellington are proportionally similar, with the largest Pacific population in the region in Porirua. Kapiti and Upper Hutt have similar numbers of Māori and Pacific people. Most people are enrolled with a GP near their place of residence, so the increasing focus on community-based healthcare is expected to lead to better health outcomes for these population groups. Hutt Hospital provides secondary and some tertiary, medical and surgical hospital services alongside community based health care from its main facility in Lower Hutt City. In addition to funding local health providers and working collaboratively with the community to create and support multiple health education initiatives and projects, Hutt Hospital is the centre for five tertiary regional and sub-regional services - Plastics, Maxillofacial and Burns Services; Rheumatology; Dental Services; Regional Public Health; and Regional (Breast and Cervical) Screening Services.

Wellington Regional Hospital in Newtown is the region's main tertiary hospital with services such as complex specialist and acute procedures, intensive care, cardiac surgery, cancer care, neurosurgery and renal care. The hospital is the key tertiary referral centre for the lower half of the North Island and the upper half of the South Island.

Kenepuru Community Hospital and Kapiti Health Centre provide secondary and community services based in Porirua and the Kapiti Coast

MHAIDS is the mental health, addiction and intellectual disability service for the Wairarapa District and Capital, Coast & Hutt Valley District, with multiple specialist facilities. The service holds national contracts some of which are delivered in other district localities. Ratonga Rua-o- Porirua is our forensic, rehabilitation and intellectual disability inpatient unit.

Te Tiriti o Waitangi and Māori Health Outcomes

Māori are the indigenous peoples of Aotearoa. We have particular responsibilities and accountabilities through this founding document of Aotearoa. We value Te Tiriti and have adopted the following four goals, developed by the Ministry of Health, each expressed in terms of mana and the principles of:

Mana whakahaere Effective and appropriate stewardship or kaitiakitanga over the health and disability system. This goes beyond the management of assets or resources.

Mana motuhake Enabling the right for Māori to be Māori (Māori self-determination); to exercise their authority over their lives, and to live on Māori terms and according to Māori philosophies, values and practices including tikanga Māori.

Mana tāngata Achieving equity in health and disability outcomes for Māori across the life course and contributing to Māori wellness.

Mana Māori Enabling Ritenga Māori (Māori customary rituals) which are framed by Te Aō Māori (the Māori world), enacted through tikanga Māori (Māori philosophy & customary practices) and encapsulated within mātauranga Māori (Māori knowledge).

We will target, plan and drive our health services to create equity of health care for Māori to attain good health and well-being, while developing partnerships with the wider social sector to support whole of system change.

The Vision, Mission and Values from our District

We bring forward and join our values within our district. These will change as we become a team of teams within Te Whatu Ora.

District Responsibility

The district leadership have collective accountability for leading with integrity and transparency a progressive, high performing organisation, aimed at improving the health and independence of the community we serve and achieving equitable outcomes for all. The leadership team are responsible for achieving this aim, aligned with our Region, within the available resources, through a skilled, empowered, motivated and supported workforce in line with government and HNZ policy.

Service Perspective

The hospital and health services of the Districts provide a range of services, one such group of services includes Mental Health, Addiction and Intellectual Disability (MHAID) Service. The Service has over 1400 employees and annual revenue of \$135m.

MHAIDS spans two districts - Wairarapa, Capital, Coast and Hutt Valley and includes local, regional, and national services. The local MHAID services are provided from multiple sites within the sub-region – greater Wellington, Hutt Valley and Wairarapa. Te Korowai Whāriki services include regional forensic and rehabilitation services covering the Central region while the intellectual disability services extend the length and breadth of the country from six bases located in Whangarei, Auckland, Cambridge, Wellington, Christchurch, and Dunedin.

The core business of the Service is the provision of quality specialist services, integrated with primary and secondary providers in the communities we serve.

The Service is committed to the underlying principles of:

- Te Tiriti o Waitangi as the founding document of Aotearoa/New Zealand
- He Ara Oranga
- Mental Wellbeing Long Term Pathway
- Whakamaua – Māori Health Action Plan 2020-2025
- The New Zealand Disability Strategy: Making a World of Difference – Whakanui Oranga
- Intellectual Disability High and Complex Framework

The Service has access to business support services including People and Culture, and Finance. In addition, management and delivery of clinical services across the Service is underpinned by consultation, advice, and support from a range of cultural, consumer, and family advisors, and business, quality and organisational development personnel.

Purpose of the role

This role is underpinned by the Hauora Māori Cultural Competency Framework as per the cultural competency framework under the PSA Allied Health Collective.

Kaumātua/Kuia act as links between health services, hapū, iwi and Māori communities within the areas we serve. The Kaumātua/Kuia is expected to represent health concerns and aspirations of the Māori people encompassing a Hauora Māori perspective and ensuring service delivery is culturally safe and appropriate. Kaumātua/Kuia will maintain the integrity and dignity of Māori mental health tangata whaiora and their whānau when working with them.

At a service level, Kaumātua/Kuia are in a position to shape services to better meet the needs of tangata whaiora and whānau. As cultural specialists within the wider health team they are well-placed to influence the quality of engagement through cultural advice and practice. The role of Kaumātua/Kuia is to bridge the cultural divide between individuals and their whānau, communities and health providers, clinicians and support workers, and ultimately facilitate best tangata whaiora and whānau outcomes.

In clinical services, Kaumātua/Kuia support clinicians to deliver care and treatment by guiding them with the cultural aspects of the process. They do this by providing opinions and suggestions from a hauora Māori perspective and by maintaining the kawa and kaupapa of the service. Kaumātua/Kuia will provide advice on issues relating to tikanga Māori and assist in the carrying out of tasks that meet the cultural needs of tangata whaiora and whānau in collaboration with case managers, clinical staff, team leaders and operation managers.

The Kaumātua/Kuia will lead the processes such as pōwhiri, cultural orientation and staff cultural training and any other area where there is a need for cultural leadership.

An important aspect of this role is ensuring links with the Kaumātua/Kuia Kaunihera, the DHBs and Ngati Toa, Ati Awa, Ngati Kahungunu ki Wairarapa, local hapu, and iwi and Māori organisations.
