Better Health, Better Care, Every Day.

Health New Zealand | Te Whatu Ora is committed to providing high-quality healthcare for all New Zealanders. We are focused on improving access to care, delivering better health outcomes, achieving national health targets, and ensuring the long-term sustainability of our health system.

We know that great healthcare starts with great people. That's why we are committed to building a high-performing, inclusive workplace where our people are supported to grow, contribute, and make a real difference for patients, whānau, and communities across Aotearoa.

About the role

The primary purpose of the role is to:

[The Registered Nurse (RN) role is to meet the needs of people and whanau accessing our services using contemporary nursing care which is safe, appropriate and effective.

The RN works with the scope of a RN as introduced by the Nursing Council of New Zealand (NCNZ 2025). Registered nurses are accountable and responsible for their nursing practice, ensuring that all health care provided is consistent with their education, assessed competence, relevant legislative requirements and is guided by the NCNZ standards for registered nurses.

Registered nurses use substantial scientific and nursing knowledge to inform comprehensive assessments, determine health needs, develop differential diagnoses, plan care and determine appropriate interventions. Interventions are evaluated to assess care outcomes based on clinical judgement and scientific and professional knowledge.

Registered nurse practise independently and in collaboration with individuals, their whānau, communities and the interprofessional healthcare team, to deliver equitable person/whānau/whakapapa-centred nursing care across the life span in all settings. Registered nurses may also use their expertise I areas and roles such as leadership, management, education, policy and research.

Key responsibilities include:

- Practising autonomously within a community environment, delivering safe, effective, and evidence informed nursing care.
- Contributing to the coordination and leadership of the nursing team to ensure continuity and quality of service delivery.
- Working collaboratively with public and private healthcare providers, multidisciplinary teams, and community agencies to support integrated care.
- Delivering care in a manner that recognises and incorporates cultural values, beliefs, and practices within the home and community environment.
- Promoting self-determination, independence, and empowerment through advocacy, education, liaison, and service coordination.
- Developing and maintaining effective professional relationships with service users, whānau, caregivers, community organisations, and healthcare partners.
- Demonstrating flexibility and adaptability when working across diverse and changing environments within the community.
- Utilising knowledge of community resources and support services to assist service users throughout their healthcare journey and beyond the continuum of care.
- Supporting health promotion, disease prevention, and the management of acute and long-term conditions within the community setting.
- Ensuring care is delivered in accordance with professional standards, organisational policies, and relevant legislative requirements.
- Provide direction, coordination, and delegation of tasks to Health Care Assistants, ensuring care activities are delivered safely, effectively, and in accordance with service standards, policies, and patient care plans.

The RN will respond to the changing needs of the district, performing other tasks as required. The RN is expected to contribute to the implementation of District and nursing goals and values, and to promote Health New Zealand |Te Whatu Ora Capital, Coast and Hutt Valley as a centre of excellence for nursing practice.

The Registered Nurse (RN) position will operate on a rostered, rotating schedule from Monday to Sunday. Shifts will be worked during business hours and include a morning shift (8:00am–4:30pm) and an afternoon shift (1:30pm–10:00pm). The RN may be required to work across the district to support patient safety, service delivery, and workforce requirements.
